IF YOU are a WOMAN

If you have female troubles you must cure them with **direct treatment**. There is no female trouble without inflammation. To cure this inflammation you must treat it **directly**. You must apply to the inflamed organs the healing antiseptic agent. When you cut your finger do you take medicine for it? If you chop your arm or your foot so that it is raw, do you take a dose of physic? No, you apply directly to the inflamed surface the soothing, healing, cooling elements. Nature does the rest. It is the same with female troubles, womb diseases, painful menses, and ovarian disorders. There is inflammation which must be cured and which medicine taken through the stomach cannot reach. The real cure for these troubles is

PRAIRIE PLANT

which is applied directly to the parts and heals promptly and for good. Prairie Plant is the acknowledged and the common-sense cure for the troubles which wreck women's lives. It acts gently and quickly, and its tonic properties are wonderful.

Open your eyes to the truth! Don't waste your life, and throw away youth, beauty, and strength, by trying to do the impossible. Use **Prairie Plant** for your deranged organs and you will be grateful always.

At all Druggists, or we will send a full three-months' treatment for \$1.00, securely sealed in a plain package. To prove our confidence in it we will send a sample absolutely free.

Miss Ida M. Snyder,
Treasurer of the
Brooklyn East End Art Club.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McEhee's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.
